

GNSS observation file monitoring for 0514

Last RINEX file: 05141331.220

RINEX version: 3.02

Marker: 1222

Receiver: 514

Antenna: 514

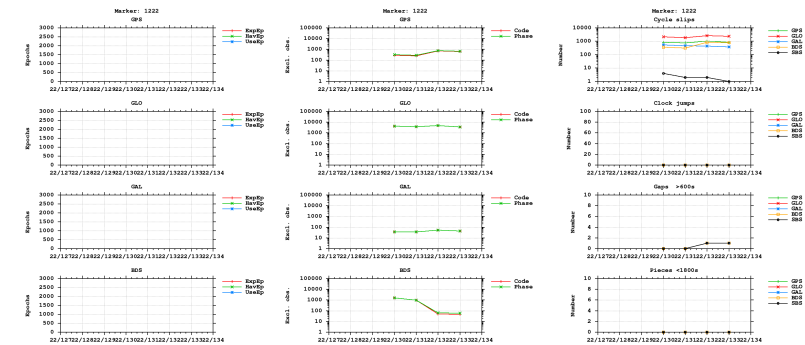

TRIMBLE NETR9

5.52

TRM57971.00

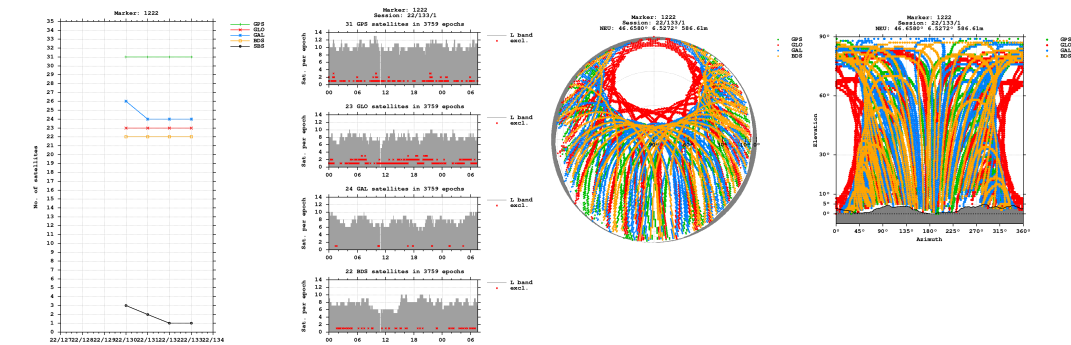

NONE

Epochs

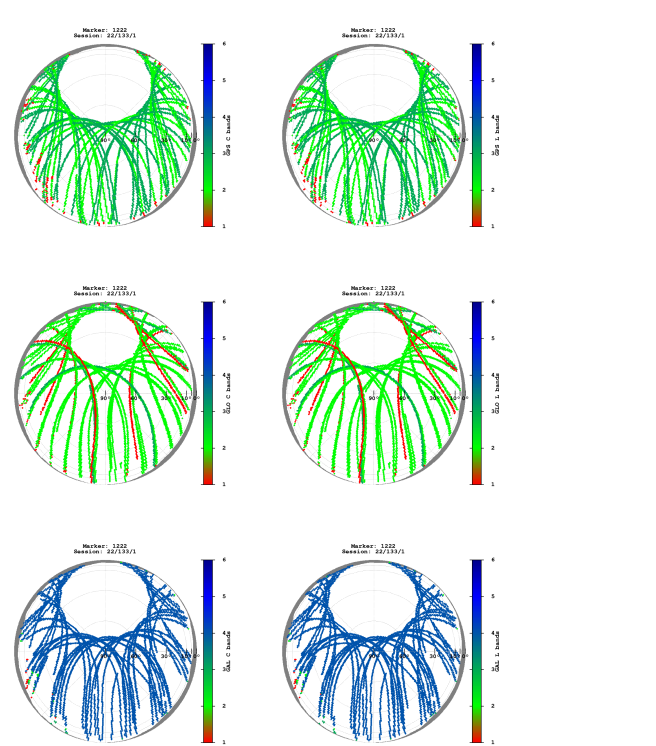

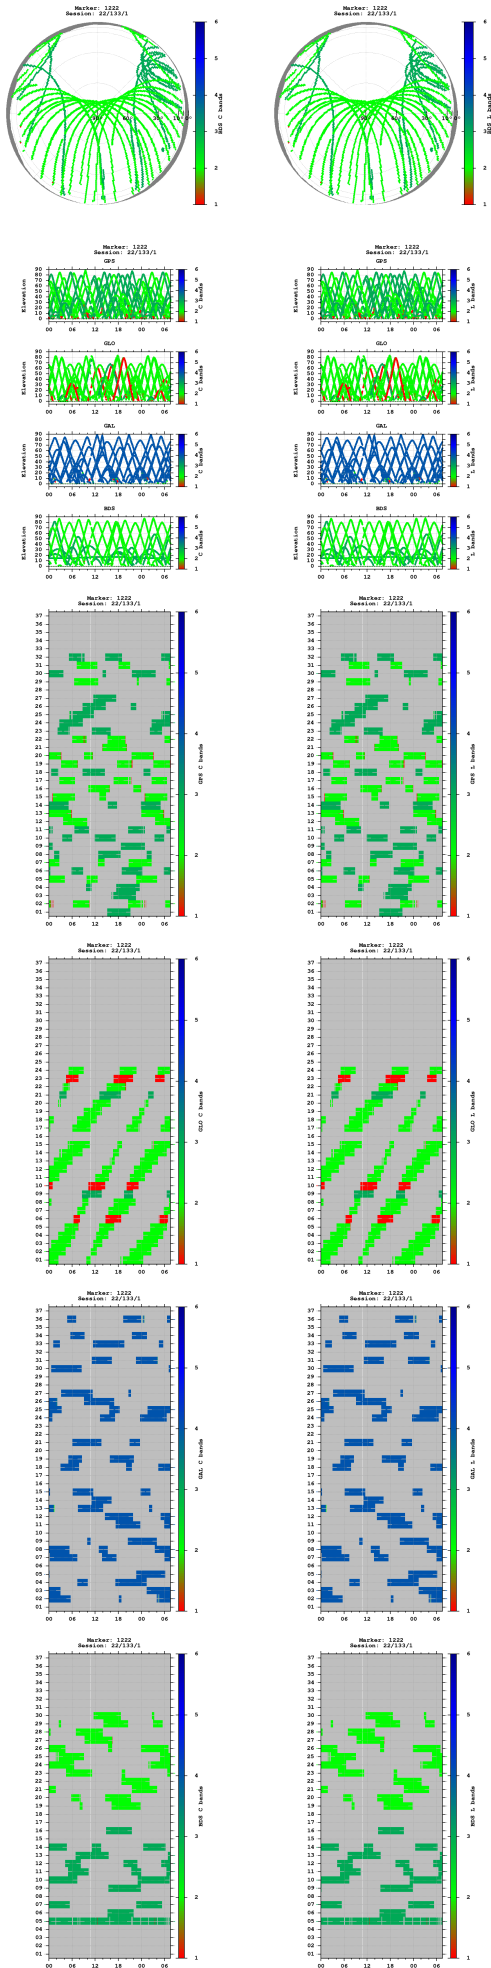

- "UseEp": The usable epoch is introduced if four or more satellites are observed with the minimum of two frequencies.
- Cycle slip detection algorithm is based on Melbourne-Wübbena and geometry-free LC.
