

GNSS observation file monitoring for 0516

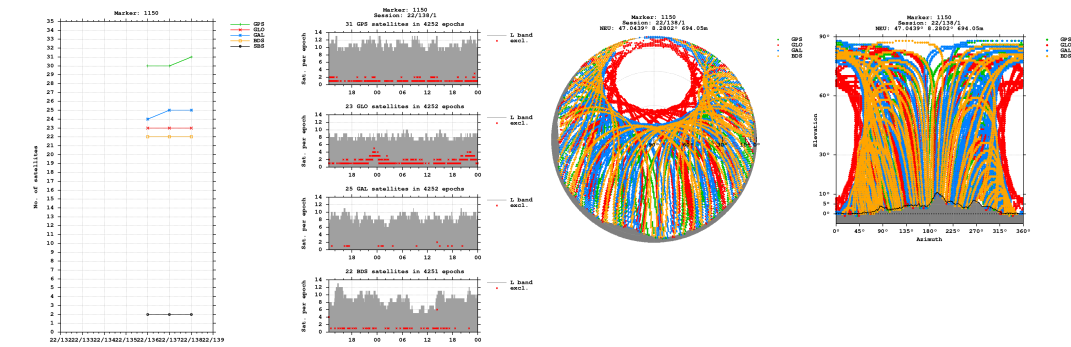

Last RINEX file: 05161381.220
RINEX version: 3.02
Marker: 1150
Receiver: 516 TRIMBLE NETR9 5.52
Antenna: 516 TRM57971.00 NONE

Epochs

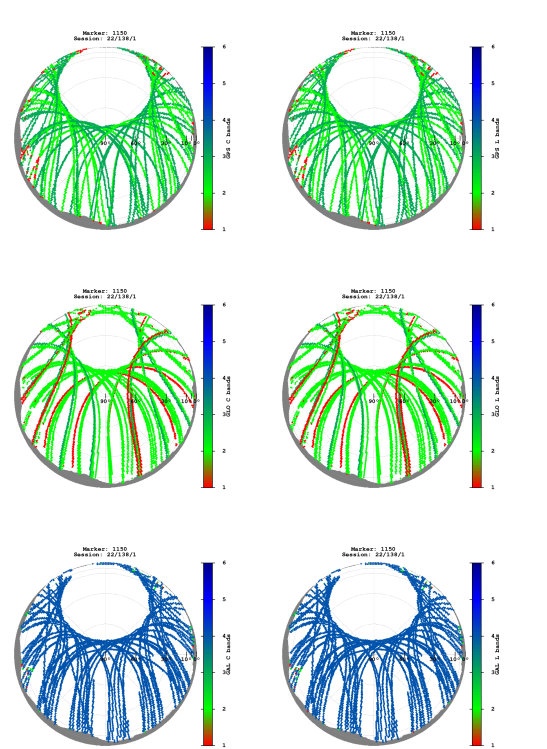

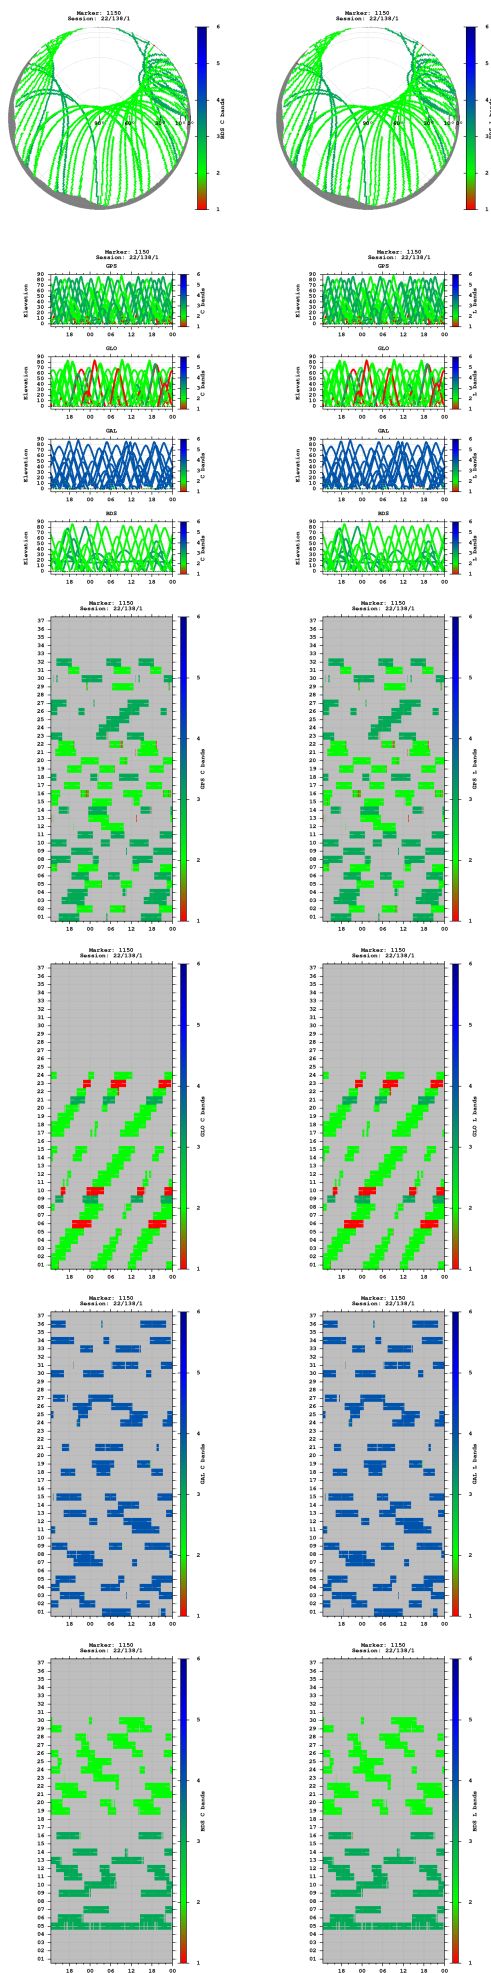

- "UseEp": The usable epoch is introduced if four or more satellites are observed with the minimum of two frequencies.
- Cycle slip detection algorithm is based on Melbourne-Wübbena and geometry-free LC.
