

GNSS observation file monitoring for 0515

Last RINEX file: 05151731.220

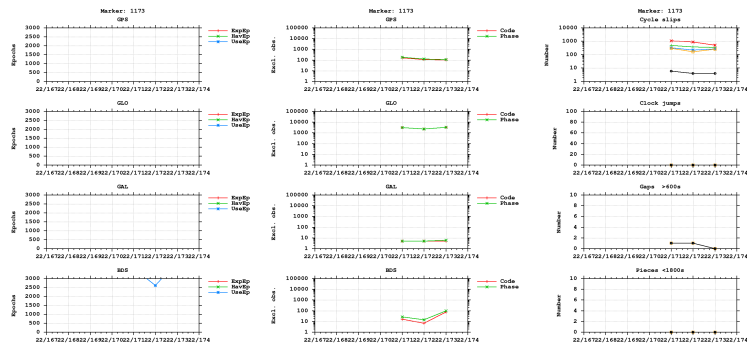

RINEX version: 3.02

Marker: 1173

Receiver: 515 TRIMBLE NETR9 5.52

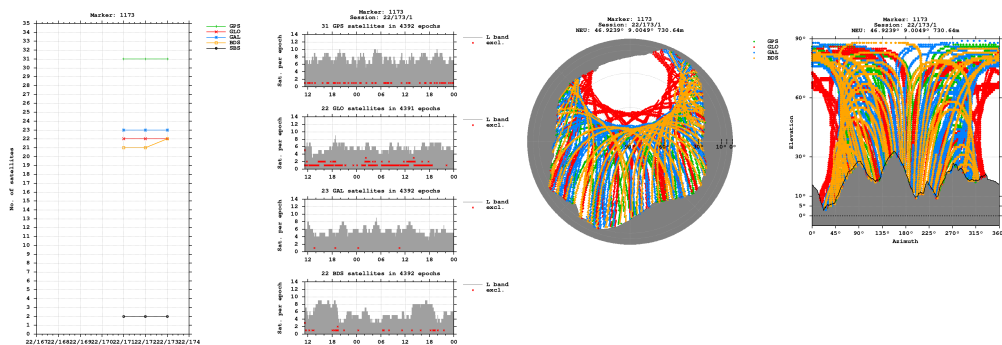

Antenna: 515 TRM57971.00 NONE

Epochs

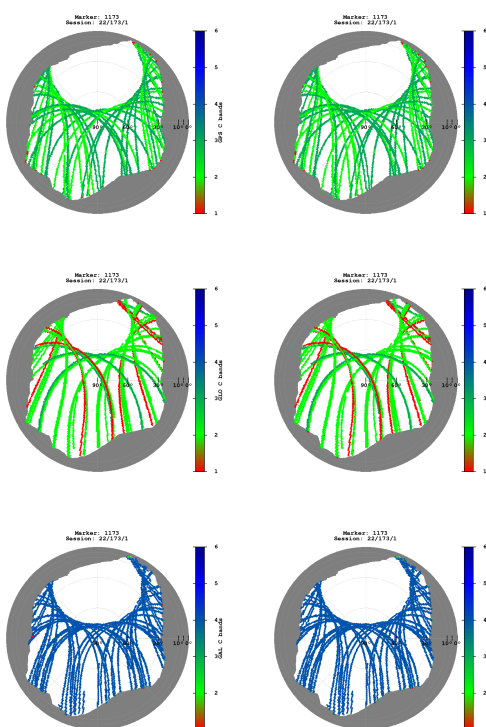

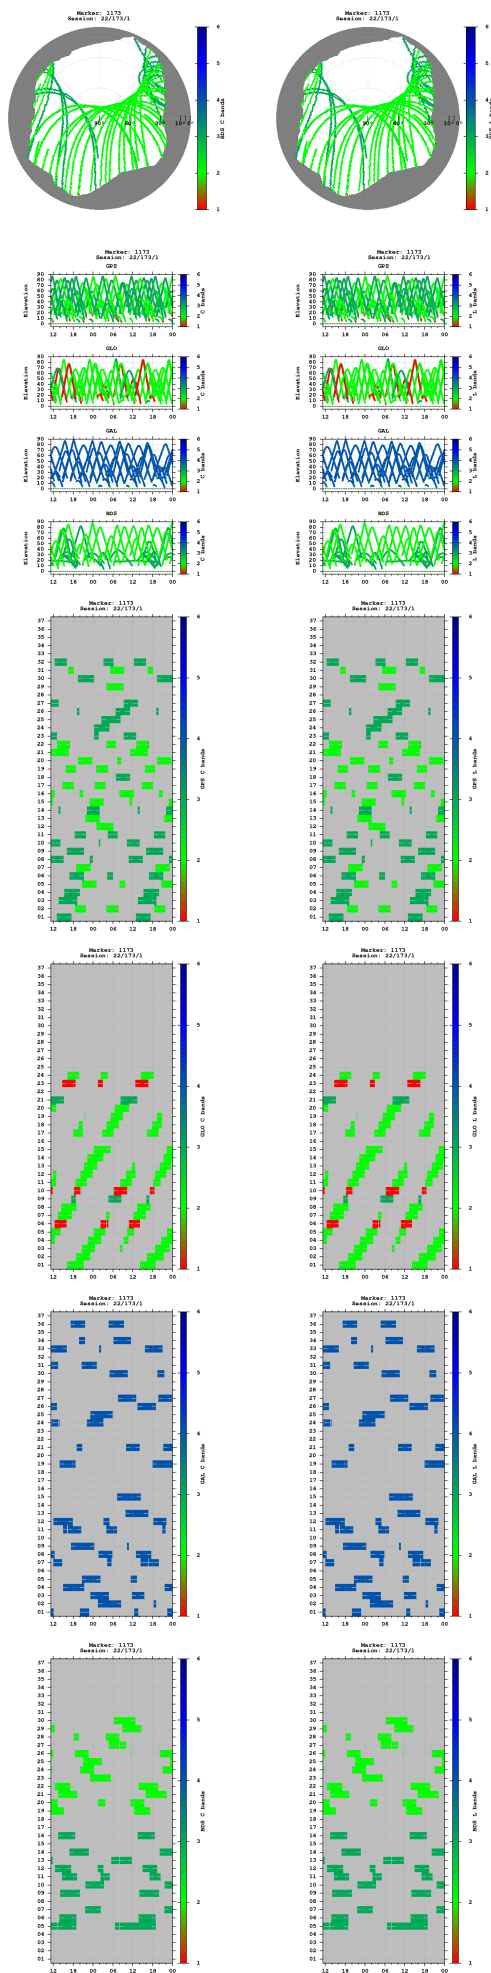

- "UseEp": The usable epoch is introduced if four or more satellites are observed with the minimum of two frequencies.
- Cycle slip detection algorithm is based on Melbourne-Wübbena and geometry-free LC.
